SHEAFFER®

Gift Collection Series
presents

Sheaffer® 500

Sheaffer® 500

Sheaffer's continuous commitment to innovation has led to the development of this new, distinctive, ultra-modern and ergonomic shape for today's 21st century consumer.

As part of the Gift Collection Series, the new *Sheaffer® 500* range offers a beautifully styled, finely balanced instrument providing a comfortable and smooth writing experience.

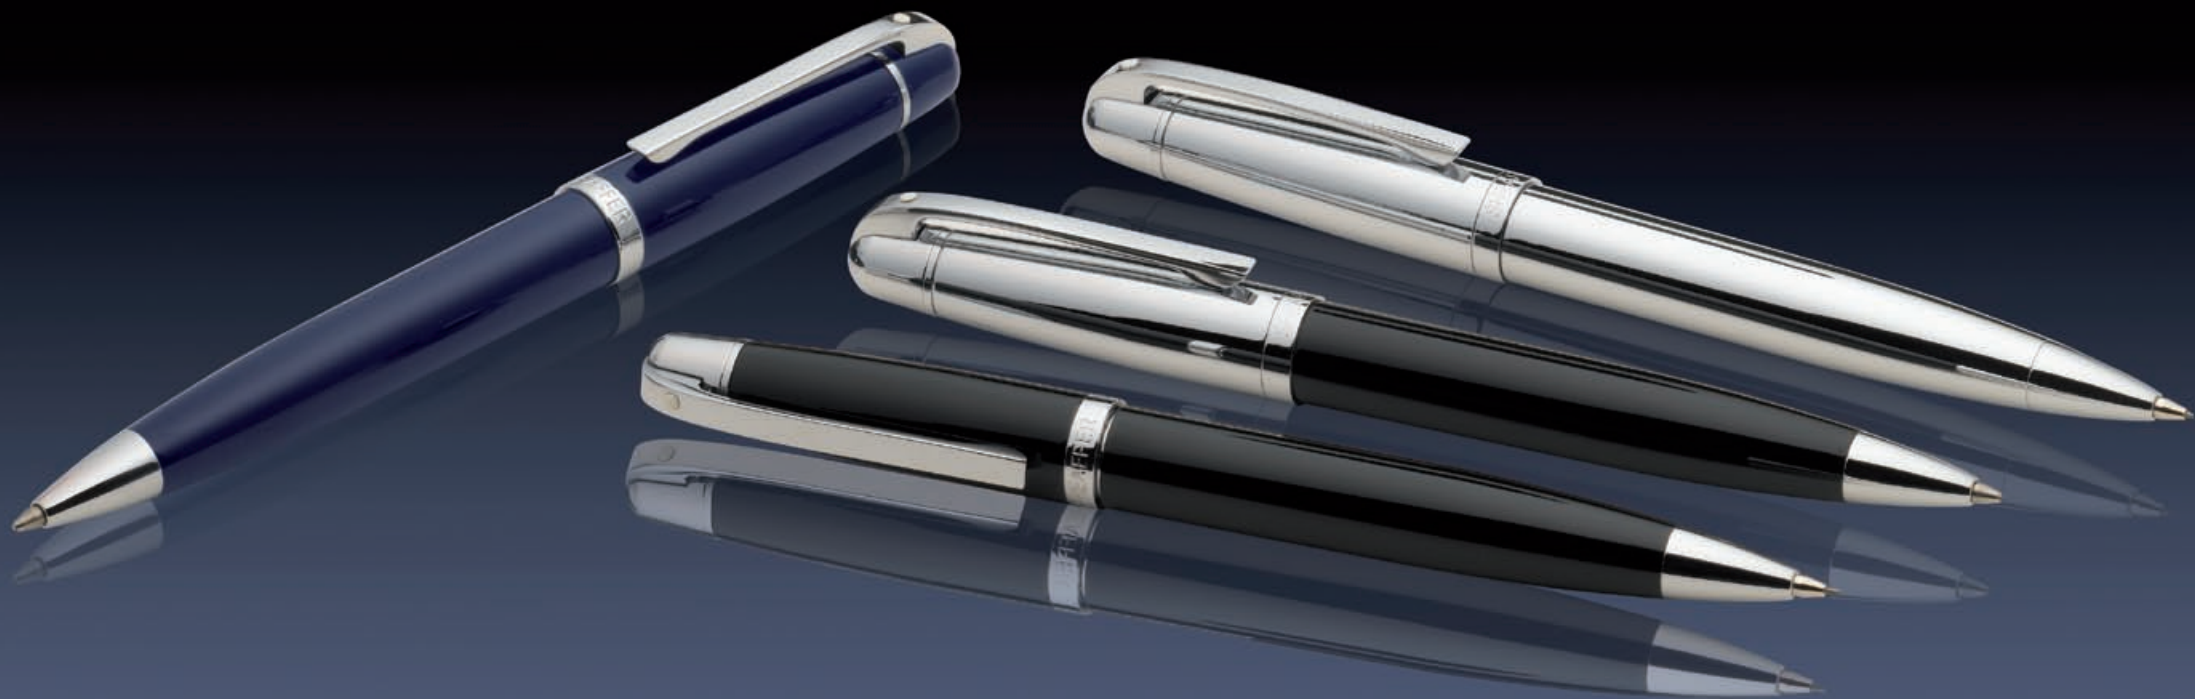

Each highly polished cap ornament holds the streamlined spring-loaded clip that proudly bears the famous Sheaffer® "White Dot®" as a hallmark of excellence.

Available as a Ballpoint & Pencil Set or as an individual Ballpoint. Both instruments have a simple twist-action mechanism making them easy to operate.

Four strong, classic and attractive colour combinations have been selected, all trimmed in highly polished chrome plate.

The Ballpoint comes loaded with a blue refill and a black refill is included in the gift box. Pencils take a standard 0.7mm lead.

Packaged in our Luxury Gift Box.
